

Tension Leveling

As with precision roller levelers, Herr-Voss Stamco® is the premier designer and builder of tension levelers. Having pioneered this technology, our tension levelers produce the flattest material possible. If you are looking to replace an existing system, or need to do a “shoehorn” installation into an existing processing system, we have the knowledge and experience to do the job right

Tension Leveler Designs:

- 4-HI with full-faced backup rolls
- 4-HI with segmented backup rolls
- 4-HI with patented roll cleaning
- 6-HI with air-seal bearings
- Modified 6-HI with full-faced intermediate rolls and a center backup roll
- Quick change roll modules

THE BEST SOLUTIONS BASED ON THE BEST TECHNOLOGIES!
